Education

Sejong University

B.S. in Computer Science and Engineering

Seoul, S.Korea
Mar. 2020 - Present

- Overall GPA: 4.32/4.5, Major GPA: 4.45/4.5
- Lead TA of Advanced C Programming (2024), Basic C Programming (2025)
- Founder of GREEDY, Software Development Club and Community

Work Experience

NAVER Corp.

Software Engineer Intern

NAVER 1784, Seongnam
July. 2025 - Aug. 2025

- Developed Yorkie, an open source document store for real-time collaborative applications.
- Defined benchmark metrics and workloads to evaluate the performance of a Pub/Sub-based event stream.
- Designed a DB-to-in-memory migration architecture for presence data to streamline presence interactions.
- Designed and documented the document-client state transition model.
- Resolved data consistency issues arising from Yorkie API contention in concurrent scenarios.
- Resolved Text CRDT deletion operation issues caused by VersionVector errors.
- Resolved synchronization errors caused by Pub/Sub event loss in unstable network conditions.
- Implemented and optimized multi-document presence retrieval in a sharded-cluster environment.

Extracurricular Activity

Yorkie

An open source document store for collaborative applications.

Maintainer

July. 2025 - Present

- Contributing on server, infrastructure and community.
- Reviewing pull requests and triaging issues.

Open Source Contribution Academy (OSSCA)

An open source mentoring program organized by the National IT Industry Promotion Agency.

Mentor

Apr. 2025 - Present

- Participated in 2025 OSSCA as a mentor of Yorkie project.

Lead Mentee

July. 2024 - Dec. 2024

- Participated in 2024 OSSCA as a lead mentee of Yorkie project.

Woowa Tech Course

A programming education program operated by Woowa Brothers, Korea's leading delivery platform.

5th Trainee

Feb. 2023 - Nov. 2023

- Learned comprehensive knowledge of backend development.
- Delivered a technical seminar on JDBC.

Honors & Awards

National Excellence Scholarship for Science & Engineering

Ministry of Science and ICT
2025 - 2026

Academic Excellence Scholarship

Sejong University
2024 - 2025

President's Award for Open Source Contributions

Korea IT Business Promotion Association
Dec. 2024
